

NSW NITCP Squad Named

Monday, September 22, 2008

Basketball New South Wales is pleased to announce the 2008/2009 National Intensive Training Centre NSW Squad.

The NITCP is the elite development program of Basketball Australia, with approximately 450 players involved in the program in nine programs based in each state and territory.

More than 230 athletes aged 14 – 17 from throughout the state applied to be included in the program, with 64 athletes included in the squad to commence at the “Induction Camp” on the Central Coast in October.

As part of the selection of the squad, consultation was made with the NSW NITCP coaching network, along with senior development coaches from throughout regional and metropolitan associations.

Basketball New South Wales would like to thank and acknowledge all athletes who showed an interest in the program.
