## Basketball NSW Commences Roll-Out of the SportZman Basketball Registration Management System

Chief Executive Officer of Basketball NSW, Daniel Martinez, is pleased to announce the official roll-out to NSW Member Associations of the SportZman Basketball Registration Management System begins next Monday. This new and innovative computerised system has been the centre of a great deal of development work by SportZman P/L and Basketball NSW. It has been eagerly awaited by both Basketball NSW and its NSW Member Associations because of the great improvements in convenience, functions, features and efficiency that it will bring to the member registration process in NSW.

Particularly exciting will be the ability for individual players to either join or renew their registration on-line through the internet at any time, day or night. At the same time, they will be able to pay their registration fee by credit card and be supplied with an electronic receipt.

The roll-out will take place progressively during the remainder of 2005 and into 2006. Watch out for your local association

to become part of the program.
